

D70 TLV

Leyland Freight Rover Sherpa B20F
FR Sa SAZZNVPC7AN277947 Ce CFL779
New to Northern Western 06/1987

D70TLV was new to North Western for local minibus wars as part of the regulation of the local buses in the Greater Manchester area.

In the early 1990's it was acquired by Flying Banana who traded as Halesworth Transit.

In 1996 it was chosen to become a Banana Buggy to operate the service 3 along the Seafront of Great Yarmouth.

Fast forward to 1998, First Bus took over operations including the vehicles like Great Yarmouth transport. D70TLV became B798 until withdrawn in the early 2000's

It then passed to Whittakers of West Bromwich until being placed in private ownership in around 2007.

We then acquired D70TLV off an eBay auction.

D70TLV joined us in October 2022, it has been placed in storage however we are making progress to establish how much of a rebuild the engine requires which is currently seized.
