

N619GAH

Mercedes Benz Frank Guy B20F
668063-2N-037908 6969

New to Eastern Counties as MG119 11/1995

N619GAH was new in November 1995 as MG119 and lately became fleet numbered 959 when First Bus re structured the fleet numbering systems.

N619GAH worked solely for Kings Lynn depot until retired in the early 2000's where it saw transfer to First Midland Red West at Worcester before being sold to a dealer in 2002.

In 2003 the vehicle was acquired by OR Jones, Llanfaethlu in Wales where it operated a mixture of service work and schools in 2018 when it was placed in reserve and furtherly withdrawn in February 2019.

We then acquired it in May 2019 after it popped up on a Facebook group for sale.

We then commenced restoration of this vehicle in August 2021.

N619GAH joined us in May 2019 and has been in for extensively rebuilt including the chassis & body shell. Restoration commenced in September 2021 and is still on going.
